CASE REVIEW COMMITTEE: Mr. Edwards moved for acceptance of the Committee recommendation for the following case reports,

Case No. 03-0097A. Pharmacy permit holder allegedly committed Medicaid fraud by partially filling a prescription for Darvocet N 100 for 12 tablets, billing Medicaid for the entire quantity of 100 tablets, then refusing to give the remaining 88 tablets to the patient. KRS 315.121(1)(f). CRC recommendation: There is insufficient evidence of a violation to warrant disciplinary action and the case is closed without prejudice. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0098B. Pharmacist allegedly engaged in unprofessional conduct by committing a medication error. A patient presented a refill for Bextra 20 mg tablets, quantity 30. When the patient removed the medication from the bag, it was labeled as Bextra 20 mg tablets, quantity 30, but had the incorrect prescriber, prescription number, date filled, patient address, and the patient name had been marked through with a black magic marker. KRS 315.121(1)(a) and (2)(d). CRC recommendation for Complaint with attempt to resolve through AO. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0100A Revisit. Pharmacy permit holder allegedly sold a misbranded product as the result of a medication error. A patient picked up three prescriptions for herself at the pharmacy. When she got home there was fourth prescription in a separate bag, stapled to the bag with her three prescriptions in it. The prescription was for a controlled substance for a different patient that had the same last name. When the pharmacy was notified of the mistake, there was no apology. When the medication was returned, there was no apology. This had happened before and the patient felt that she must lodge a complaint this time. In a 12 hour day, this pharmacy filled 303 prescriptions with 2 pharmacists working, overlapping 6 hours and 6 technicians working at various times. KRS 217.065(1). CRC recommendation for Complaint with attempt to resolve through AO. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0100B Revisit. Pharmacist allegedly engaged in unprofessional conduct by committing a medication error. A patient picked up three prescriptions for herself at the pharmacy. When she got home there was fourth prescription in a separate bag, stapled to the bag with her three prescriptions in it. The prescription was for a controlled substance for a different patient that had the same last name. When the pharmacy was notified of the mistake, there was no apology. When the medication was returned, there was no apology. This had happened before and the patient felt that she must lodge a complaint this time. This was the pharmacist that filled the prescriptions. KRS 315.121(1)(a) and (2)(d). CRC recommendation: There is insufficient evidence of a violation to warrant disciplinary action and the case is closed without prejudice. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0100C Revisit. Pharmacist-in-charge allegedly engaged in unprofessional conduct by not having processes and controls in place that resulted in a medication error. A patient picked up three prescriptions for herself at the pharmacy. When she got home there was fourth prescription in a separate bag, stapled to the bag with her three prescriptions in it. The prescription was for a controlled substance for a different patient that had the same last name. When the pharmacy was notified of the mistake, there was no apology. When the medication was returned, there was no apology. This had happened before and the patient felt that she must lodge a complaint this time. The PIC stated that there is a policy in place that all bags are to be opened and checked to see if the correct bottles are in the correct bag. However, because of the prescription volume this does not always happen. In a 12 hour day, this pharmacy filled 303 prescriptions with 2 pharmacists working, overlapping 6 hours, and 6 technicians working at the various times. 201 KAR

2:205 Section 2.(3)(a) and (b). CRC recommendation: There is sufficient evidence of a violation, however, the penalty shall be the issuance of a Letter of Reprimand. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0100D Revisit. Pharmacist allegedly engaged in unprofessional conduct by committing a medication error. A patient picked up three prescriptions for herself at the pharmacy. When she got home there was fourth prescription in a separate bag, stapled to the bag with her three prescriptions in it. The prescription was for a controlled substance for a different patient that had the same last name. When the pharmacy was notified of the mistake, there was no apology. When the medication was returned, there was no apology. This had happened before and the patient felt that she must lodge a complaint this time. This was the pharmacist that was working when the prescriptions were dispensed. KRS 315.121(1)(a) and (2)(d). CRC recommendation for Complaint with attempt to resolve through AO. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0126. Pharmacist allegedly engaged in unprofessional conduct by selling and trading controlled substances for which a prescription drug order is required, without having first received a prescription drug order. Pharmacist was allegedly allowing patients to write their own prescriptions for controlled substances. KRS 315.121(2)(f). CRC recommendation: There is insufficient evidence of a violation to warrant disciplinary action and the case is closed without prejudice. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0130A. Special pharmacy medical gas permit holder allegedly relocated prior to notifying the Board. KRS 315.035(5) and 201 KAR 2:225 Section 2(3). CRC recommendation for Complaint with attempt to resolve through AO. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0130B. Consultant Pharmacist allegedly allowed a special pharmacy medical gas permit holder to relocate prior to notifying the Board. 201 KAR 2:225 Section 2 (2)(a) and 201 KAR 2:205 (3)(e). CRC recommendation for Complaint with attempt to resolve through AO. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0131. Pharmacy permit holder allegedly failed to timely notify the Board of a pharmacist-in-charge change. The office was notified that effective August 28, the previous PIC would no longer be serving as PIC. As of this date, the office has not received notification of the new PIC. KRS 315.020(1). CRC recommendation for Complaint with attempt to resolve through AO. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0132A. Pharmacy permit holder allegedly failed to maintain accurate records. A prescription was filled utilizing a pharmacist's initials/name after the pharmacist had not worked at this pharmacy for approximately 29 months. The original prescription filled under this pharmacist's name could not be located in the pharmacy or on the patient's profile, but was listed on the daily computer printout. Four Scheduled II prescriptions were filled incorrectly. The biennial controlled substances inventory did not list the 124 outdated tablets of Percocet 7.5/500 that were in stock. A mini audit revealed discrepancies on 6 of the 9 Scheduled II drugs counted. 201 KAR 2:170(2) and (3), KRS 217.065(1), and 201 KAR 2:100 Section 1. CRC recommendation for Complaint with attempt to resolve through AO. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0132B. Pharmacist-in-charge allegedly failed to maintain accurate records. A prescription was filled utilizing a pharmacist's initials/name after the pharmacist had not worked at this pharmacy for approximately 29 months. The original prescription filled under this pharmacist's name could not be located in the pharmacy or on the patient's profile, but was listed on the daily computer printout. Four Scheduled II prescriptions were filled incorrectly. The biennial controlled substances inventory did not list the 124 outdated tablets of Percocet 7.5/500 that were in stock. A mini audit revealed discrepancies on 6 of the 9 Scheduled II drugs counted. 201 KAR 2:170(2) and (3), KRS 315.121 (1)(a) and (2)(d), and 201 KAR 2:205 Section 2 (3)(b). CRC recommendation for Complaint with attempt to resolve through AO. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0132C. Pharmacist allegedly failed to maintain accurate records. A prescription was filled utilizing a pharmacist's initials/name after the pharmacist had not worked at this pharmacy for approximately 29 months. The original prescription filled under this pharmacist's name could not be located in the pharmacy or on the patient's profile, but was listed on the daily computer printout. Four Scheduled II prescriptions were filled incorrectly. The biennial controlled substances inventory did not list the 124 outdated tablets of Percocet 7.5/500 that were in stock. A mini audit revealed discrepancies on 6 of the 9 Scheduled II drugs counted. 201 KAR 2:170(2) and (3), KRS 315.121 (1)(a) and

(2)(d). CRC recommendation for Complaint with attempt to resolve through AO. Ms. Thornbury seconded and the motion passed unanimously.

Case No. 03-0133A. Pharmacy permit holder allegedly sold a misbranded product as the result of a medication error. A patient presented a prescription for doxazosin mesylate 4 mg tablets, take 1 tablet daily. The prescription was labeled doxazosin mesylate 4 mg tablets, but was filled with warfarin 10mg tablets. The patient took the warfarin for 26 days, had to have 2 units of blood, and several doctor and lab visits. KRS 217.065(1). CRC recommendation for Complaint with attempt to resolve through AO. Case No. 03-0125A. Pharmacy permit holder allegedly sold a misbranded product as the result of a medication error. A patient had a prescription telephoned to this pharmacy for pindolol 5mg tablets, a medication he had previously been taking for hypertension. When opening the bag at home, the patient's wife noticed that there were two bottles. One bottle had 139 tablets of what the patient's wife thought looked like the previous pindolol 5 mg he had received. One bottle had 41 tablets that were larger and imprinted with Plendil on one side and #451 on the other side. The patient's wife then telephoned the pharmacy 15 minutes before closing time on a Friday. Initially she was told there was no pharmacist there. After explaining her problem, a pharmacist was found. The pharmacist advised the patient not to take any medication from either bottle and to bring the prescription back to the pharmacy on Monday. The patient did as advised and did without the medication for two days. "Because of their I don't care attitude-like this is an every day occurrence, we'd like for someone to investigate this pharmacy." KRS 217.065(1). CRC recommendation for Complaint with attempt to resolve through AO. Mr. Edwards seconded and the motion passed unanimously.

CORRESPONDENCE: Patient Healthcare Services LLC/D/B/A US Canadian Drug Connection. The Board reviewed correspondence from Patient Healthcare Services stating that U.S. Canadian Drug Connection will cease exhibiting the title drug in its advertisement by November 30, 2003. Ms. Thornbury moved to authorize Mr. Moné to draft a letter to the Attorney General's office apprising them of the matter for further investigation. Mr. Carr seconded and the motion passed unanimously.

Michael Whitaker. The Board reviewed correspondence requesting approval to be pharmacist-in-charge. After a brief discussion, Mr. Armstrong moved to approve the request for a term of one year. Mr. Carr seconded and the motion passed unanimously.

Jeff Vanarsdale. The Board reviewed correspondence requesting approval to be pharmacist-in-charge. After a brief discussion, Mr. Edwards moved to approve the request for a term of one year. Mr. Armstrong seconded and the motion passed unanimously.

Gloria Doughty. The Board reviewed correspondence requesting approval to establish a pharmacy museum in historic Wilmore. After a brief discussion, Ms. Thornbury moved to approve the use of "Kentucky Renaissance Pharmacy Museum" as a sufficient name and the historic memorabilia shall not contain any drug product, whether or not it is outdated. Mr. Armstrong seconded and the motion passed unanimously.

James Catron. The Board reviewed correspondence requesting to relocate practice location to Rite Aid Pharmacy #3576. After a brief discussion, Mr. Carr moved to approve the request. Ms. Thornbury seconded and the motion passed unanimously.

Communities at Oakwood/J. Craig Wells. The Board reviewed correspondence requesting clarification of 201 KAR 2:074, "Pharmacy services in hospitals or other organized health care facilities." After a brief discussion, Mr. Armstrong moved to approve the application of the provision cited to the ICF-MR facility. Mr. Edwards seconded and the motion passed unanimously.

Pharmacy and Therapeutics Committee/Marcia Morgan. The Board reviewed the revised Kentucky Department for Medicaid Services' Pharmacy and Therapeutics Advisory Committee Recommendation. After a brief discussion, Mr. Carr moved to authorize Mr. Moné to draft a letter stating the Board concurred with the revision, however; the Board was concerned that the proposal failed to include three items that were discussed: procedure to be followed by a pharmacist when they decide that it is in the patient's best interest to split the tablet and one or more of the tablets fails to split in such a manner as to be useable by the patient; consequences to the pharmacy should the patient decide not to pick up a prescription that has been prepared and the pharmacy reverses the claim to Medicaid and is left with unusable split tablets; and compensation for the pharmacy to split the tablets was removed from the recommendation. Ms. Thornbury seconded and the motion passed unanimously.

Pharmacist Consultation Services/John Brislin. The Board reviewed correspondence requesting exemption pertaining to refrigeration, a heating unit, prescription balance, and using the washroom sink as the source of hot and cold running water. After a brief discussion, Ms. Thornbury moved to approve the exemptions pertaining to the refrigeration, a heating unit and a prescription balance. Ms. Thornbury moved to deny the request to use the washroom sink as the source of hot and cold running water. Mr. Edwards seconded the motions and the motions passed unanimously.

CONTINUING EDUCATION: Mr. Edwards moved to accept the continuing education program 03-37. Ms. Thornbury seconded and the motion passed unanimously.

NEW BUSINESS: Dr. Osman swore in the newly appointed Board Member, Mr. Greg Naseman.

Board President. The Board officially installed Mr. Tim Armstrong as President for 2004.

Mr. Armstrong moved to place Leon Claywell on the Pharmacy Benefit Managers Task Force. Mr. Carr seconded and the motion passed unanimously.

OLD BUSINESS: Mr. Edwards moved to place the new Errors and Omissions answer form on the web site for examinees to obtain prior to the examination. Mr. Carr seconded and the motion passed unanimously.

ADJOURNMENT: On motion by Mr. Edwards, seconded by Ms. Cooper and passed unanimously, President Jones adjourned the meeting at 1:00 p.m. The next Board meeting is scheduled to begin at 9:00 a.m. on January 7, 2004, at the Board office in Frankfort.
